

British Educational Research Association

Seventeenth Annual Conference

28-31 August 1991

Nottingham

CALL FOR SYMPOSIA

This year the call for contributions to the Annual Conference is in two phases. First is the Call for members who wish to propose symposia. These proposals should be made by **3 December 1990**. Secondly will be a call for members who wish to propose individual papers. These should be made before the end of April 1991.

At this stage all that is required of would-be symposia organisers is that they contact the conference organiser indicating the **intended title and scope of the symposium**. They will be asked to finalise their programmes during May, when it will be clear whether some of the individual papers offered can be considered for inclusion in the symposia.

Proposals should be sent to:

Michael Bassey, Nottingham Polytechnic, Faculty of Education, Clifton hall, Nottingham NG118NJ

Tel: 060 2486757
