

BERA99 - ANNUAL CONFERENCE

British Educational Research Association Annual Conference: BERA99

UNIVERSITY OF SUSSEX 1999

Student conference:	1-2 September
Main conference:	2-5 September
Teachers' day:	4 September

The Conference Organiser is Harry Torrance, Director of the Graduate Research Centre in Education of the University of Sussex Institute of Education. The Conference Secretariat is (as for BERA97 and BERA98) IFAB Communications at University of York - to whom all conference correspondence should be addressed. Address below.

CALL FOR PAPERS

The submission of a wide range of papers, in terms of both content and format, is encouraged. As part of BERA's aim to promote discussion within the educational research community, as well as between researchers, policy makers and practitioners, the co-ordinators of BERA99 are calling for papers which will variously report research findings, discuss methodological problems and/or address topical issues in education and the conduct of educational research. We are interested in having proposals for individual papers, symposia, structured poster presentations, round table discussions, and workshops.

The closing date for the receipt of all submissions is **Friday 29 January 1999**. Participants will be informed in April of the timing of their presentation. Details on how to submit a paper are available in the Conference Leaflet (available from IFAB).

BOOKING

Booking forms (available from IFAB) should be returned to IFAB before the closing date of **2 July 1999** (or before **7 May** for reduced registration fee). Refunds on cancellations will be subject to an administration charge.

For details of bursaries available to students contact IFAB or see the conference website.

Addresses for correspondence

BERA99, IFAB Communications, Department of Biology, University of York, PO Box 373, York YO10 5YW (tel: 01 904 432 940, fax 01 904 433 029, email: biocomms@york.ac.uk)

Web-site

Up-to-date information about both main and student conferences can be accessed on the world wide web at:

<http://www.york.ac.uk/depts/biol/web/symposia/bera99>

which can be reached directly or from the BERA home page at <http://www.scre.ac.uk/bera>

A booklet giving further details is enclosed with members' copies of *Research Intelligence*.
