We are interested in all aspects of educational research that address the broad theme of social justice and educational improvement.

As the conference is partly hosted by BERA’s English in Education SIG in association with NATE then any aspect of work in English is welcome including, for example, related areas such as Applied Linguistics, TEFL and English Literature. Papers that address issues in teacher education and interdisciplinary aspects of research are also welcome. We are especially interested to offer opportunities to teacher researchers, Masters and PhD students.
